FIG. 4A

**Fig. 5**

Fig. 5 is a schematic diagram of a circular array of 16 elements. The elements are arranged in a 4x4 grid. Eight elements are shaded (301, 302, 303, 304, 305, 306, 307, 308) and eight are unshaded (309, 310, 311, 312, 313, 314, 315, 316). Each element is a circle with a dashed horizontal line. A rectangular block (300) is connected to the left side of the array. Various labels (301-319, 320-325) point to specific elements and the block.

FIG. 3 is a perspective view of a cylindrical container 300. The container has a top rim 304 and a bottom rim 305. A dashed line 301 indicates the side wall. The base of the container is supported by a series of small, rounded feet 303, 314, 318, 319, and 308. A handle 306 is attached to the side of the container.
